施工指南 Construction Guide

01.

符合要求的基面, 輥塗萬磊金裝白色/透明底漆 (1/2遍)

Vanlei Penetrating Primer + Vanlei Limestone + Vanlei No Trace Topcoat

萬磊公眾號
Official
Accounts

02.

用不鏽鋼批刀塗抹一層萬磊石本石主材 (厚度為一粒砂約1 -1.5mm)

Apply a layer of Wanlei Stone base material (thickness of approximately 1-1.5 mm) using a stainless steel trowel.

小程序
Applet

03.

乾燥後, 使用80#砂紙打磨或鏟刀剷掉棘手處, 至平整後清除灰塵。

After drying, use 80# sandpaper to sand or a scraper to remove any rough areas until smooth, then remove any dust.

施工教程
Construction
Tutorial

04.

第二道不規律平批、收平, 待自然乾燥後進入打磨工序。

打磨工序: 80粗磨 -- 180細打 -- 320目精磨

Second coat: apply an uneven coat and level it off. Allow to dry naturally before proceeding to the sanding process.

Sanding process: 80 grit coarse sanding -- 180 grit fine sanding -- 320 grit fine sanding

05.

罩面層 (推薦使用無痕罩面), 均勻輥塗兩遍

Topcoat (we recommend using a seamless topcoat), apply two even coats with a roller.

06.

罩面完成乾透後, 使用2000目拋光砂紙去掉毛刺增加手感。

After the coating has completely dried, use 2000-grit sandpaper to remove burrs and improve the feel.

產品綜述 /	核心精髓：自然本石，液態新生	Overview /	Core Essence: Natural Stone, Liquid Rebirth
	「石本石」，即「石頭本來的樣子」。我們回歸岩石的本質——取自億萬年大地孕育的天然礦藏（礦物石灰、大理石粉），以創新工藝將其精髓提煉、活化，化為流動的「液態石材」。我們摒棄非自然的添加與摻雜，只專注於還原岩石最本真的肌理、色澤與生態屬性。石之根本，在此新生。		“Stone in its natural form” refers to the inherent nature of stone. We return to the essence of rock—sourced from natural mineral deposits nurtured by the earth over millions of years (mineral limestone, marble powder)—and through innovative processes, we extract and activate its essence, transforming it into flowing “liquid stone.” We reject non-natural additives and impurities, focusing solely on restoring the rock's most authentic texture, color, and ecological properties. The essence of stone is reborn here.
	本源純粹： 「石本石」根植於天然石灰岩礦藏，精選核心成分（熟石灰、精細大理石粉、無機顏填料、奈米碳酸鈣粉），全程0添加化學合成物，100%呈現大地賦予的原生色系與質感。係岩石本質的純粹表達，師法自然，純天然材質。		Pure Origin: “Stone Essence” is rooted in natural limestone deposits, carefully selecting core components (slaked lime, fine marble powder, inorganic pigments and fillers, nano-calcium carbonate powder). The entire process involves zero addition of chemical synthetics, 100% showcasing the earth's original color palette and texture. It is a pure expression of the essence of rock, inspired by nature,
主要成份 /	充分調配的熟石灰、精細大理石粉、無機顏/填料、奈米碳酸鈣粉	Main ingredient /	Fully blended quicklime, fine marble powder, inorganic pigments/fillers, and nano-calcium carbonate powder.
產品淨重 /	具體見包裝，單組分25kg，桶裝	Net weight /	See packaging for details. Single component, 25 kg, drum
理論耗材 /	3-3.5kg/m²^ 2遍	Coating Rate /	3 - 3.5 kg / m ² / 2 time
適用底材 /	石本石Lime Stone可以應用於大多數固體表面，但需要確保表面徹底乾燥和老化。如有必要，使用特定產品重新表面處理。 中密度纖維板表面的接縫應貼上膠帶。 混凝土砌塊、磚砌體和類似背景等原始基材必須使用基礎石膏進行塗抹，以實現水平和垂直方向筆直的表面找平。	Applicable	Lime Stone can be applied to most solid surfaces, but it is important to ensure that the surface is completely dry and cured. If necessary, use a specific product to re-treat the surface. Seams on medium-density fiberboard surfaces should be covered with tape. Original substrates such as concrete blocks, brick masonry, and similar backgrounds must be coated with base plaster to achieve straight surfaces in both horizontal and vertical directions. *If there are cracks in the wall, apply an appropriate crack filler first (this product does not have the capability to serve as a filler).
準備工具 /	批刀、羊毛輥筒、砂磨機、去塵毛刷	Preparation tools /	Scraping knife, wool roller, sanding machine, dust removal brush
色漿混合說明： /	使用天然石料顏色，無機色漿調色	Mixing Instructions	Use natural stone colors and inorganic color paste for coloring.
適用範圍 /	適用於內外牆牆壁，它沒有接縫，便於清潔和維護。	Scope of application /	Suitable for interior and exterior walls, it has no seams, making it easy to clean and maintain.
配套產品 /	萬磊滲透底漆+萬磊石本石+萬磊無痕單面漆	Complementary products	Vanlei Penetrating Primer + Vanlei Limestone + Vanlei No Trace Topcoat

	29°釉質柔光光澤，溫潤石質 29° glaze with soft luster and Warm stone texture.		獨家材料，獨家自然倒角紋理，純法式石材肌理感 Exclusive materials, exclusive natural chamfered texture, pure Italian stone texture feeling.		通體液態石材，冰冷質感。 Liquid stone through and through. Ice cold texture.
	純天然材質，0添加0摻和，100%原色。 Pure natural material.0 added 0 adulterated, 100% original color.		師法自然。無任何有機合成物，只取自然界現存的色系。 Teach nature. No organic synthetics.Only take the existing color		觸感/自帶滑面手感，豐滿的不像實力派 Tactile/self-smooth surface feel, plump unlike a powerhouse.
